

Autodor Price List

June 2022 Choose from 27 standard sizes and 10 different colours

Autodor Garage Doors

Door sections

Made of galvanized steel. Only available in Premium door design, with 42mm thick insulated panels filled with insulating PU-foam (100% CFC-free). Bottom door section comes with floor seal.

Surface

Outside: The outside of the garage door has either Woodgrain, Planar or Decocolor surface textures, with painted finishes.
Inside: Silver coloured galvanisation with a clear protective lacquer.

Spring arrangement

All doors up to 4000mm wide and 2250mm high come with tension springs as standard and torsion springs are available at extra cost. All doors over 4000mm wide come with torsion springs as standard. Low headroom application available at extra cost. Please refer to the pricing tables for further information.

Side frames & Fascia

Sectional doors are designed to be fitted behind the reveals and side frames are supplied white in colour. Cover profiles are made of galvanised sheet steel. Dimensions are 90mm x 19.5mm. Single skinned 95mm steel fascia panels are available on request.

Packaging

Sectional doors are provided in a palletted format shrink wrapped for easy handling.

Colours

For Linear Medium designs, choose from 6 colours in Woodgrain surface finish, and 3 colours in Decocolor surface finish.

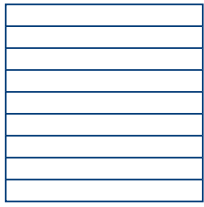

Woodgrain doors have a RAL colour paint, whilst Decocolor doors have a decopaint.
