

# Autodor Sectional Door & Operator

**NEW** The complete sectional garage door and operator package

## Introducing Autodor

The Autodor is a sectional garage door supplied complete with a GaraMatic 9, which retains all the usual features you have come to expect from a Garador sectional garage door, but at a lower price point.

Autodor comes in either Linear Medium or Linear Large door designs, each of which are supplied in a choice of colours and timber effect finishes. The inside of the door has a silver coloured galvanisation which is covered with a clear protective lacquer.

Linear Medium designs available in 6 Woodgrain and 3 DecoColor surface finishes, whilst the Linear Large designs are available in 7 Planar and 3 DecoColor surface finishes. The Planar surface finish is only available with an exclusive matt deluxe paint.

With a choice of 27 standard garage door sizes up to 5000mm wide, you are sure to find a door to fit your opening. The Autodor comes with tension lifting gear up to 4000mm wide and torsion lifting gear thereafter.

Please refer to the Autodor price list for full specification.

### Fully insulated door sections

The Autodor is manufactured with 42mm thick garage door sections, filled with insulating PU foam. With u-values down to 1.30 W/m<sup>2</sup> K, it provides great thermal insulation contributing to potential savings on your energy bills.

Inside of door has a silver coloured galvanisation which is covered with a clear protective lacquer

### Electrically operated design

The Autodor is conveniently opened at the touch of a button. Supplied complete with a GaraMatic 9 operator and two 2-button micro hand transmitters. GaraMatic 10 operator available as an optional upgrade.

### A good seal all round

Weather resistant seals on all four sides of the door, along with intermediate seals between every section joint, helps to create a tight seal and prevent drafts.

### Plastic frame footer

The frame leg is fitted with a plastic bed plate. This provides long-term protection against corrosion that might be caused by humidity, acids or salts.

## Autodor and GaraMatic 9 Operator

The Autodor provides excellent value, without compromising on functionality. The GaraMatic 9 operator is simple to operate and is designed with a soft start and stop feature, to prolong the service life of the motor. It has a maximum opening speed of 20cm / second and automatic safety reversal in the event of an obstruction.

### Optional bluetooth receiver

Operating the Autodor via a smartphone is possible, using the Garador BlueSecure app. An optional bluetooth receiver (HET-BLE) is required.

### Bisecur hand transmitters

The Autodor comes with two 4-button hand transmitters, with a small form factor that fits comfortably in your pocket. Transmits on 868 MHz frequency with bisecur radio technology.

### Integral LED light

The GaraMatic 9 features an integral LED light with 10 LEDs for energy efficiency. Furthermore, it has a low power consumption of less than 1 watt in stand-by mode.

### Secure mechanical locking system

The operator boom is equipped with a secure mechanical lock to prevent forced entry. Even in the event of a power cut, the door cannot be forced open.

### Safety assured

The Autodor sectional garage door and operator has been engineered with your safety in mind and will therefore comply with British Standard BS EN13241, ensuring powered doors are safe to use.

## Linear Medium Designs

Linear Medium designs provide an excellent first impression on modern and traditional homes. The Autodor in Linear Medium is supplied complete with a GaraMatic 9 operator and is available in 6 Woodgrain and 3 Decocolor surface finishes. The full range of colours are included in the price of the garage door.

Traffic White (RAL 9016)

White Aluminium (RAL 9006)

Grey Aluminium (RAL 9007)

Titan Metallic (CH 703)

Anthracite Grey (RAL 7016)

Terra Brown (RAL 8028)

Golden Oak (Decocolor)

Dark Oak (Decocolor)

Night Oak (Decocolor)

### Surface finishes for Linear Medium Autodor

The painted Decocolor surface provides a natural and authentic timber appearance and is available in a choice of three colours.

Woodgrain offers a robust surface with an authentic sawn timber look. Minor scratches can be repaired by working with the texture.

1 Decocolor surface finish

2 Woodgrain surface finish

Please note: the Decocolor surface finish does not match the timber effect finish of our standard sectional door range or FrontGuard doors.

## Linear Large Designs

Linear Large designs are perfectly suited to contemporary properties with modern architectural features. The Autodor in Linear Large is supplied complete with a GaraMatic 9 operator. It is available in 7 Planar colours with a deluxe matt finish and 3 Decocolor surface finishes. The full range of colours are included in the price of the garage door.

Traffic White (Matt Deluxe: CH 9016)

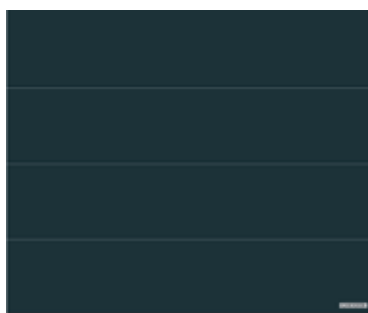

White Aluminium (Matt Deluxe: CH 9006)

Grey Aluminium (Matt Deluxe: CH 9007)

Titan Metallic (Matt Deluxe: CH 703)

Anthracite Grey (Matt Deluxe: CH 7016)

Terra Brown (Matt Deluxe: CH 8028)

Golden Oak (Decocolor)

Dark Oak (Decocolor)

Night Oak (Decocolor)

### Surface finishes for Linear Large Autodor

The painted Decocolor surface provides a natural and authentic timber appearance and is available in a choice of three colours.

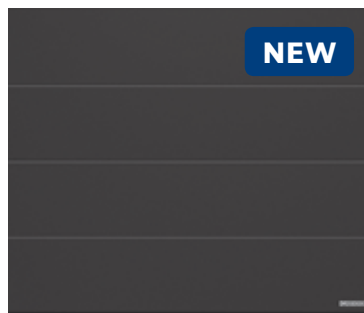

Planar is a smooth surface finish, available in a choice of six exclusive matt deluxe colours.

1 Decocolor surface finish

2 Planar surface finish

Jet Black (Matt Deluxe: CH 9005)

## Matching Autodor Garage Side Door

Fully insulated garage side doors are also available, with designs to perfectly match the colour and surface texture of your Autodor sectional garage door. Available in a range of standard sizes. Linear Medium designs are in Woodgrain or DecoColor surface finishes, and Linear Large designs are in Planar or DecoColor surface finishes.
